PROJECT LOCATION: Lee Ranger District, 95 Railroad Ave., Edinburg, VA

SERVICE DATES: March 7, 2022 to January 14, 2023 (1700-hour position)

for the greatest good

POSITION SUMMARY: In partnership with the Mt. Adams Institute (MAI), the George Washington & Jefferson National Forests will sponsor a VetsWork AmeriCorps Intern to serve as a Timber Stand Improvement (TSI) Technician. TSI is done to improve the health and vigor of forest stands and is important in conservation of important species such as oaks and yellow pine species. TSI allows the agency to improve wildlife habitat and promote the production of quality forest products. The primary duties of this position will include protecting planted seedlings by applying big game repellent, releasing trees from vegetative competition by manual or chemical methods, monitoring stands to determine present tree stocking and survival, species and conditions, competing vegetation and density and evidence of insect or disease damage. May also perform other resource work in other areas, such as wildlife, recreation and fire suppression. The position will be primarily field based in all types of weather and terrain.

ESSENTIAL FUNCTIONS (TO INCLUDE, BUT NOT LIMITED TO):

- Use tools such as brush cutters and chain saws to cut unwanted vegetation.
- Use backpack sprayers to apply products to deter deer and other animals from damaging tree seedlings.
- Plant trees or observe others planting trees to assure quality.
- Collect and analyze forest data, including mapping old growth communities.
- Support prescribed burning activities such as road guard or smoke watch.
- Assist in administering contracts awarded in Timber Stand Improvement (TSI) or tree planting/care on the North Zone.
- Attend and complete all MAI/AmeriCorps trainings and service requirements including orientation, trainings and team meetings.
- Complete and submit all necessary MAI/AmeriCorps paperwork and reports in a timely manner.
- Wear MAI identifiers and required safety gear while performing service or attending official events.

POSITION REQUIREMENTS:

Service Site

- Must have a valid driver's license, clean driving record and ability to provide documentation.
- Comply with all Partner Organizations safety policies and procedures.
- Using common forestry tools to collect data on forest stands and old growth.
- Ability to learn GPS and Avenza to map and collect data and create maps using this information.
- Proper use and knowledge of the application of common herbicides used in a forest setting.
- The duties require working in all types of weather, and the employee must be capable of hiking long distances in remote areas or operate power equipment for extended periods of time, and perform physical labor, including bending, lifting, and carrying up to 40 pounds or more.

Mt. Adams Institute strengthens the connection between people and the natural world through education, service learning, career development and research.
